OUR EXPERIENCE

Millennium Dream Homes LLC founded in 2012 is a company that has a passion for building homes for people with uniquely different living needs. We offer a variety of options that suit each of our client's needs and desires including single family, townhome, condominium and apartment homes, so they can truly consider their new home, their dream home.

OUR HOMES

We have many turnkey offerings available where everything is done but the watering of the grass! We build with fine material and craftsmanship in every turnkey or custom home and with a price that is value.
